
IASC FOUNDATION POLICY

Fees and charges for speaking engagements

Policy

1. The IASC Foundation is the oversight body of the IASB and acts on behalf of, and in the interest of, the IASB.
2. The IASC Foundation charges a fee for the participation of IASB members and staff in any conference or seminar organised for commercial purposes.
3. For all other events, such as those organised by societies, associations, charities, educational bodies or non-profit organisations, the IASC Foundation may, at its discretion, waive a fee for any IASC Foundation or IASB participation.

Fees

4. For an IASB member, the fee is £5,000 per day or part day.
5. For technical staff, the fee is £1,500 per day or part day.
6. These amounts are indivisible and non-negotiable, and are payable if one or more speeches or appearances are made in a day at an event.
7. For 'exclusive arrangements' in corporate events organised jointly with major firms or multinational corporations, the IASC Foundation may seek a discretionary fee, typically £20,000, in addition to the amounts stated in paragraphs 4 and 5.

Expenses

8. Travel, accommodation and related expenses incurred by an IASB member or a member of the technical staff in relation to a speaking engagement are the responsibility of the conference organiser that invited the speaker.

Further information
